

EQAA

European Quality Assurance Agency

Due to the spread of COVID-19, many schools, universities and other education providers had to quickly adjust to the strict measures imposed. All over the world, teaching and learning had to quickly be transferred into online and distance learning.

EQAA offers to all schools, universities and other education providers a certification of their online and distance learning approaches. This certification includes an assessment of the learning and teaching approach as well as the technical solutions that have been established. In addition, specific suggestions and recommendations are provided to improve the quality of the online and distance learning approach.

Accreditation (2nd Round) Visit- Agribusiness and Seed Science & Technology Degree Programs, University of Agriculture, Faisalabad

October 26, 2020

The University of Agriculture Faisalabad (UAF) is a public university in Faisalabad, Pakistan. UAF is the oldest and pioneer Agriculture Institute in South Asia. It is ranked 4th in Pakistan and 1st in Agriculture and Veterinary Sciences by Higher Education Commission Ranking in 2019. The UAF has always been striving hard to revolutionize agriculture by providing a skilled and professional workforce for this sector.

Two Accreditation Inspection Committees (AICs) comprising Chairperson NAEAC, Prof. Dr. Ishtiaq A. Rajwana as convener and Prof. Dr. Abdul Saboor (Department of Agri. Economics, PMAS AAUR) and Dr. Waqas Malik (Department of PBG, BZU Multan) as members were constituted to conduct 2nd Round Accreditation visit of Agribusiness and Seed Science & Technology (SST) degree programs.

Vice-Chancellor Prof. Dr. Iqrar Ahmad Khan welcomed NAEAC's team. Dr. Khan appreciated NAEAC's activities under new leadership and stressed AIC to make these visits more meaningful for quality education to produce Seed Science and Agribusiness graduates. Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana presented the salient achievements of NAEAC since its inception and put light on previous recommendations and rating of SST as well as Agribusiness degree programs. Later, AICs visited respective departments where detailed presentations and discussions were held regarding their systematic work & efforts to meet the set standards of teaching and learning. AICs also visited required infrastructure like departmental labs, library, glasshouse, classrooms and faculty offices to witness the professional resources and working environment. Experts also held meetings with individual faculty members and students of each department to understand the real issues and their

satisfaction with the prevailing system. In the concluding session, program evaluators shared their observations with the Vice-Chancellor and other officials. Vice-Chancellor thanked NAEAC team and assured that the recommendations made by AICs would be implemented in true letter & spirit.

Pre-Accreditation/Zero Visit of Department of Agronomy, University of the Punjab, Lahore

October 29, 2020

University of the Punjab was formally established by convening the first meeting of its Senate on October 14, 1882. It was the fourth university to be established by the British Colonial authorities on the Indian subcontinent and the first to be established at Lahore in a muslim majority area. This university has played a leading role in higher education in the country.

An Accreditation Inspection Committee (AIC) consisted of Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana and Prof. Dr. Abdul Khaliq (Department of Agronomy, University of Agriculture, Faisalabad) constituted to conduct a Pre-Accreditation/Zero visit of the department of Agronomy, Institute of Agricultural Sciences (IAGS) – University of the Punjab, Lahore. Director IAGS, Prof. Dr. Saleem Haider welcomed NAEAC's team and delivered a detailed presentation highlighting the institute's milestones and applauded the efforts of NAEAC to ensure the quality of education. The chairman department of Agronomy made a presentation explaining the required information as per itinerary format. The AIC visited the departmental labs, library, glasshouse, classrooms,

faculty offices, experimental field area and held individual meetings with faculty members and students of the department to get an accurate picture of the student-teacher relationship and working environment at the institute. The experts shared their observations with Prof. Dr. Niaz Ahmad, Vice-Chancellor and other officials in the exit meeting. Vice-Chancellor thanked NAEAC team and assured his support for the implementation of recommendations wholeheartedly.

Accreditation Visit of Agriculture Degree Programs- UAF Sub-Campus Depalpur, Okara

November 4, 2020

Given the importance of agriculture in Pakistan's economy and the overwhelming population's dependence on it, agricultural education is crucial for reorganizing agriculture through updated knowledge, innovative techniques and modern farming skills. UAF Sub-Campus Depalpur-Okara was established during mid-2000 in Depalpur and later shifted to Okara in 2015 on the state-owned fertile land of about 80 acres. It has spacious buildings with a spectacular view of citrus gardens along the bank of Lower Bari Doab Canal (LBDC) and is situated at Okara-Lahore GT Road about 6 km towards Renala Khurd.

Four Accreditation Inspection Committees (AICs) comprising of Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana as convener and Prof. Dr. Nazim Hussain (Department of Agronomy, BZU Multan), Prof. Dr. Muhammad Abid Kharral (Department of Soil Sciences, BZU Multan), Prof. Dr. Rashida Atiq (Department of Plant Pathology, BZU Multan) and Dr. Bilal Hussain (Institute of Molecular Biology and Biotechnology, BZU Multan) as members, visited UAF Sub-Campus Depalpur Okara to conduct accreditation visit of Departments of Agronomy, PBG, Plant Pathology and Soil Science. Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana presented a brief overview of NAEAC activities and informed the faculty about the need & importance of accreditation. Earlier, the Campus Principal, Dr. Tariq Aziz, welcomed NAEAC's team and briefed about the institute's milestones. Later on, AICs visited the relevant departments where detailed presentations and discussions were held and HoDs briefed AICs about the

respective department's working and achievements. AICs also visited departmental labs, library, glasshouse, classrooms, faculty offices, experimental research area and held meetings with faculty members and students of the departments to get an insight into the real issues and student amenities being provided. In the concluding session, the program evaluators shared their observations with the Principal and other officials. Dr. Tariq Aziz thanked the NAEAC team for their day-long deliberations and inspection visit. He assured that the recommendations made by AICs would be implemented in true letter and spirit for the uplift of education standard.

Quality Assurance & Accreditation Awareness Seminar- Khawaja Fareed University of Engineering & Information Technology (KFUEIT), Rahim Yar Khan

November 13, 2020

The Khawaja Fareed University of Engineering and Information Technology (KFUEIT) was established in 2014 under the Punjab assembly act as a public university located on Abu Dhabi Road Rahim Yar Khan, Punjab, Pakistan.

A Quality Assurance & Accreditation Awareness Seminar was conducted on November 13, 2020 at this campus. Prof. Dr. Suleman Tahir, Vice-Chancellor KFUEIT, welcomed Prof. Dr. Ishtiaq A. Rajwana, Chairperson and introduced him to the staff and faculty. In the background information, Dr. Rajwana shared that Pakistan is an agricultural country and many institutions are offering agriculture-related degree programs where large number of students are studying in these institutions. Hence, it is essential to ensure the quality of education and research facilities provided to the students by these institutions. To serve this purpose, NAEAC was formed by HEC in the year 2006, which started its functioning in 2008 for accreditation of agriculture degree programs. He gave a comprehensive talk about the need and importance of the accreditation process to ensure quality education.

Prof. Dr. Suleman thanked the guest speaker and assured that the university administration would follow the suggestions of NAEAC to maintain the quality of education. Dr. Yasir Niaz, Head of Agronomy Department also thanked the guest speaker and all other participants.

A large number of students attended this seminar. Dean and Director QEC Prof. Dr. Asghar Hashmi, HoD Food Science & Technology Dr. Farhan Jahangir Chughtai, Coordinator Department of Agriculture Dr. Adnan Bodla, Director Students Affairs Dr. Abdul Shakoor and Assistant Professor Dr. Mohsin were also present on the occasion. Vice-Chancellor Prof. Dr. Suleman Tahir presented a shield of honor to Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana to remind him of this event in the future.

Accreditation (2nd Round and Follow-up) Visit to the University of Agriculture, Peshawar November 16-17, 2020

University of Agriculture, Peshawar is playing a vital role in imparting agricultural education and conducting basic and applied agricultural research throughout the Province, Khyber Pakhtunkhwa and disseminating agricultural research results among the farmers and general public through its extension and public outreach activities since its establishment in 1981.

Three Accreditation Inspection Committees (AICs) comprising Secretary NAEAC Dr. Abdul Ghaffar as convener and Prof. (Retd.) Dr. Nowshad Khan, Allama Iqbal Open University, Islamabad, Prof. Dr. Muhammad Naeem, Department of Entomology, Arid Agriculture University, Rawalpindi and Prof. Dr. Anwaar Ahmad, Institute of Food and Nutritional Sciences, Arid Agriculture University, Rawalpindi as members were constituted to conduct an on-site visit of Departments of Agricultural Extension, Food Science & Technology and Plant Protection, University of Agriculture, Peshawar on November 16-17, 2020.

Vice-Chancellor, Prof. Dr. Jehan Bakht welcomed NAEAC's team. Secretary, NAEAC Dr. Abdul Ghaffar in his presentation elaborated the functions, procedures and outcomes of NAEAC accreditation process.

After the presentation, Director QEC inquired about the program's accreditation duration. The Secretary, NAEAC informed that once a program is accredited, it will be revisited depending upon the category assigned to the degree program. Vice-Chancellor appreciated the efforts of NAEAC and directed relevant HoD's to provide all required information to AIC members.

AICs visited the departmental labs, library, glasshouse, classrooms, faculty offices, experimental field area and held individual meetings with faculty members and students of the departments to understand the working environment.

In the exit meeting, the AICs members shared their observations

with the Deans, Director QEC and other officials. Prof. Dr. Said Wahab, Dean Faculty of Nutrition Sciences, thanked the NAEAC team and assured that the recommendations made by AICs would be implemented in true letter and spirit to raise the standards of quality education.

Review Meeting- Lasbela University of Agriculture, Water & Marine Sciences (LUAWMS), Lasbela

November 16, 2020

The Lasbela University of Agriculture, Water and Marine Sciences (LUAWMS) is located in the historical and magnificent district of Lasbela, Balochistan. The university was chartered on March 07, 2005 through an Ordinance by the Government of Balochistan, Pakistan.

The review committee comprising of Prof. Dr. Ishtiaq Ahmad Rajwana, Chairperson National Agriculture Education Accreditation Council, Islamabad conducted a meeting of departments of Agronomy, Soil Science, Horticulture, Plant Breeding and Genetics, Entomology, Plant Pathology of the Faculty of Agriculture at the LUAWMS. Prof. Dr. Dost Muhammad Baloch, Vice-Chancellor, LUAWMS, Dr. M. Rashid, Dean, Faculty of Agriculture and relevant faculty members of the departments attended the meeting. After day-long presentations, Dr. Rajwana visited each department to see the improvement in infrastructure and other facilities being provided to faculty, students and staff. During the exit meeting with Vice-Chancellor, Dr. Rajwana appreciated the university administration's efforts in uplifting

the infrastructure and faculty development programs. However, he showed his concerns about a low number of projects and publications by the faculty members. He suggested raising the bar for QEC and ORIC. Dr. Baloch appreciated the time and efforts put in by NAEAC for review of agriculture programs and agreed to revolutionize ORIC and QEC to provide research culture and better quality of education in the university.

Accreditation (2nd Round) Visit to Pakistan Forest Institute, Peshawar

November 18, 2020

Pakistan Forest Institute (PFI) was established in 1947 at Faisalabad to complete the training of the students who had migrated to Pakistan after independence. In April 1948, the PFI was shifted to Upper Topa, Murree Hills and then Abbottabad in October 1951. The construction of its present permanent building complex in Peshawar University Campus was started in 1955 and completed over about ten years.

An Accreditation Inspection Committee (AIC) comprising of Secretary NAEAC Dr. Abdul Ghaffar as the convener, Prof. [Rtd] Dr. Tahir Siddiqui, Department of Forestry and Range Management, University of Agriculture Faisalabad and Dr. Aamir Saleem, Department of Forestry and Range Management, PMAS Arid Agriculture University, Rawalpindi as members were constituted to conduct an on-site visit of PFI on November 18, 2020.

Director-General, PFI Mr. Javaid Anwar welcomed NAEAC's team and after introduction, Secretary NAEAC, Dr. Abdul Ghaffar elaborated the functions, procedures and outcomes of the accreditation process. Director Forest Education Division Dr. Mamoon Wali Muhammad presented a detailed presentation highlighting the teaching and research activities of PFI. At the end of the inaugural session, Mr. Javed Anwar DG, PFI, presented a shield of remembrance to Secretary NAEAC.

Later, AIC visited the departmental classrooms, labs, library, museum, faculty offices, experimental field area, botanical gardens and medicinal plant nursery. AIC also held meetings with faculty members and students of the department to understand the teaching environment and working facilities provided to both teachers and students. It was interesting to note that teachers and students were satisfied with the prevailing system.

In the concluding session, the AIC members shared their observations with Director Forest Education Division and other officials. Director Forest Education Division Dr. Mamoon Wali thanked NAEAC team and assured that the recommendations made by AIC would be implemented for the betterment of PFI.

Follow-up Accreditation Visit to Government College University, Faisalabad (GCUF), Sahiwal Campus.

November 23, 2020

The Government College University Faisalabad (GCUF) Sahiwal Campus was established in 2013, HEC approved higher education institute in the Sahiwal Division offering the best educational facilities to the community. Department of Food Sciences, GCUF, Sahiwal Campus emerged as a dynamic center of learning mainly to contribute to the education sector of semi-urban and rural area students.

National Agriculture Education Accreditation Council (NAEAC) conducted an on-site accreditation visit of the department of Food Science & Technology, Government College University, Faisalabad (GCUF), Sahiwal Campus on November 23, 2020.

An AIC comprising of Chairperson NAEAC, Prof. Dr. Ishtiaq A.Rajwana, Convener and Prof. Dr. Tahir Zahoor, DG, National Institute of Food Science & Technology (NIFSAT), University of Agriculture Faisalabad and Dr. Imran Pasha, NIFSAT, UAF as members was constituted to conduct an on-site visit.

Project Directors Mr. Sohail Tariq, Mr. Faraz Hanif and Director Coordination, Brig. (R) Mehboob Butt welcomed NAEAC's team. After the introduction, a detailed presentation highlighting the department activities was made by HoD, Food Science & Technology Dr. Saeed-ud-din.

The AIC visited the departmental labs, library, classrooms, faculty offices, experimental field area and held meetings with faculty members and students to get an insight into the real issues, if any.

In the concluding session, the AIC members shared their observations with the administration of GCUF Sahiwal Campus. Mr. Sohail Tariq, Project Director thanked NAEAC team and assured that the recommendations made by AIC would be implemented to meet the deficiencies and raise the market demand of this campus graduates.

Accreditation (2nd Round) Visit, Institute of Food & Nutritional Sciences and Department of Forestry & Range Management, PMAS- Arid Agriculture University Rawalpindi (PMAS-AAUR) December 14-15, 2020

In the 1970s, the Government of Pakistan constituted a Barani Commission to review and recommend measures for developing rainfed agriculture and uplift of the poor masses through education, research and development of technology and human resources.

Under the Barani Commission's recommendations, the Government of Punjab established Barani Agricultural College, Rawalpindi, affiliated with UAF, which was upgraded to the university level in 1994. The university's mandate is to produce high-quality agricultural scientists and form an organized scientific infrastructure for teaching and research to develop dryland regions of the country, thus minimizing the income gap between the rich and poor and irrigated & arid areas.

Two AICs comprising of Chairperson NAEAC Prof. Dr. Ishtiaq A. Rajwana as convener and Prof. (Retd) Dr. Alam Zeb (Ex-Dean, Faculty of Nutrition Sciences, University of Agriculture Peshawar), Prof. Dr. Tahir Zahoor (DG, National Institute of Food Science & Technology, University of Agriculture Faisalabad), Prof. (Retd) Dr. Muhammad Tahir Siddiqui (Department of Forestry & Range Management UAF) and Prof. Dr. Syed Moazzam Nizami (Department of Forestry & Wild Life Management, University of Haripur) as members visited PMAS-AAUR to conduct accreditation visit at Institute of Food & Nutritional Sciences and Department of Forestry & Range Management.

In an inaugural meeting, Prof. Dr. Qamar-uz- Zaman, Vice-Chancellor PMAS-AAUR, welcomed the NAEAC team and briefed about the university's vision and mission and presented salient achievements and milestones the university has achieved so far with a brief history. He appreciated the efforts of NAEAC to ensure quality in agriculture education and ensured his full support for the implementation of quality education in PMAS-AAUR.

Later, Dr. Rajwana presented a brief overview of NAEAC activities

and informed the audience about various departments ranking concluded during the university's last accreditation visit.

Later on, AICs visited the relevant departments where detailed presentations and discussions were held and the respective HoDs briefed about working and achievements made by the department/institute as per the format provided by NAEAC.

AICs also visited the departmental labs, libraries, classrooms, faculty offices, food processing hall and held meetings with each faculty member and students of the departments to get their input for further improvement and gauge their satisfaction with the prevailing systems.

In the concluding session, program evaluators shared their observations and recommendations with the Pro-Vice-Chancellor, Prof Dr. Nadeem Akhtar Abbasi. Dr. Abbasi thanked the NAEAC team and assured the Vice-Chancellor's commitment to implement the recommendations made by AICs in true letter & spirit.

Accreditation (2nd Round & Follow-up) Visit of Departments of Plant Breeding and Genetics, Agronomy, Entomology, Horticulture and Food Science & Technology, University of Swabi December 16, 2020

The University of Swabi was established as a sub-campus of Abdul Wali Khan University, Mardan. In 2012, it was upgraded to a university having 28 departments including Horticulture, Plant Breeding & Genetics, Entomology, Agronomy and Food Science & Technology.

Prof. Dr. Ishtiaq A. Rajwana, Chairperson NAEAC as convener, Prof. Dr. Fayyaz ul Hassan Sahi, (Agronomy) Dean, Faculty of Crop & Food Sciences, PMAS-AAUR, Prof. Dr. Humayun Javed, Department of Entomology, PMAS-AAUR, Prof. Dr. Asif Ahmad, Director, Institute of Food and Nutritional Sciences, PMAS-AAUR, Prof. (Retd) Dr. Ishfaq Ahmad Hafiz, (Horticulture) PMAS-AAUR and Prof. (Retd) Dr. Hidayat ur Rahman, Department of Plant Breeding and Genetics, The University of Agriculture Peshawar as members visited the University of Swabi to conduct accreditation visit of respective departments.

In the inaugural meeting, Prof. Dr. Syed Muhammad Mukarram Shah, Vice-Chancellor, University of Swabi welcomed the NAEAC team and briefed them about university master plan, its vision and mission and presented them salient achievements and milestones, the university has achieved so far with a brief history.

Later, Dr. Rajwana presented a brief overview of NAEAC activities, informed the audience about the ranking of various departments concluded during the last accreditation visit to the university and appreciated the new infrastructure developed with a hope that quality of education will be the hallmark of the University of Swabi.

Later on, AICs visited the relevant departments where detailed presentations and discussions were held and the respective HoD's briefed about the working and achievements of the departments. AICs also visited the departmental labs, libraries, classrooms, faculty offices and held meetings with faculty members and students of the respective departments to suggest improvements in the future.

In the exit meeting, program evaluators shared their observations and recommendations with the Vice-Chancellor, who thanked the NAEAC team and promised that the administration of UoS would try to live up to the expectations of NAEAC.

Accreditation (2nd Round) Visit-Department of Soil and Climate Science, University of Haripur

December 17, 2020

The establishment of the University of Haripur (UoH) in 2012 is an important milestone in higher education in the Hazara region of Khyber Pakhtunkhwa. The university comprises five faculties, including Faculty of Agriculture Sciences, Faculty of Bio-Medical & Health Sciences, Faculty of Information Technology & Engineering, Faculty of Natural Sciences and Faculty of Social & Management Sciences with 25 departments. The Faculty of Agriculture includes departments of Agronomy, Entomology, Food Science and Technology, Forestry and Wildlife Management, Horticulture, Plant Breeding and Genetics and Soil and Climate Science.

Accreditation Inspection Committee (AIC) comprising of Chairperson NAEAC, Prof. Dr. Ishtiaq A. Rajwana as convener, Dr. Amjad Hussain, Director Research and Development, Higher Education Commission as member and Dr. Abdul Ghaffar, Secretary NAEAC visited UoH to conduct an accreditation visit of the department of Soil and Climate Science.

In the Inaugural meeting, Prof. Dr. Anwar-ul-Hassan Gilani, Vice-Chancellor, University of Haripur, welcomed the NAEAC team and briefed about the university's vision and mission. He also presented the salient achievements and milestones the university has achieved so far with a brief history. He appreciated the efforts of NAEAC to ensure quality in agriculture education and ensured his full support to implement the recommendations made by AIC in true letter & spirit.

Later, Dr. Rajwana presented a brief overview of NAEAC activities and informed the audience about various departments' ranking concluded during the last accreditation visit to the university.

Later on, AIC visited the department, where a detailed presentation and discussion session was held and the HoD of Soil and Climate Science briefed about the department's work and achievements. AIC also visited the departmental labs, library, classrooms, faculty offices and held meetings with faculty members and students of the department to get their input for further improvement and gauge their satisfaction with the prevailing system.

In the exit meeting, AIC appreciated the efforts made by Dr. Gurmani, Chairman Soil Science, to improve the department. AIC also appreciated the university's Enterprise Resource Planning system and shared their observations for further improvement in education quality. Dr. Gillani appreciated the NAEAC team and presented university shield to chairperson and assured his full cooperation to leave no stone unturned for the betterment of the university.

A Historical Event: Provision of Accreditation Certificates at PMAS AAUR & UOH

NAEAC has instilled a momentum of quality consciousness amongst agriculture institutions that have become an integral part of their education system. NAEAC has taken an initiative to award accreditation certificates for a certain period as per the rating category. Chairperson NAEAC declared it a historical event while distributing the accreditation certificates to the department of Horticulture, Plant Pathology and Agricultural Economics, PMAS Arid Agriculture University Rawalpindi, along with Vice-Chancellor Prof. Dr. Qamar-uz-Zaman in the inaugural ceremony of accreditation visit to PMAS-AAUR on December 14, 2020. The Vice-Chancellor appreciated the tireless efforts of NAEAC to stimulate the competitive environment amongst agriculture degree-awarding institutions in the country.

During the visit to university of Haripur (UoH) on December 17, 2020, Chairperson NAEAC along with the Vice-Chancellor, Dr. Anwar-ul-Hassan Gilani, presented the Accreditation Certificates to HoD's of Department of Agronomy, Entomology, Food Science & Technology, Horticulture and Plant Breeding & Genetics for the first time in the history of NAEAC. Chairperson NAEAC declared it as a historical event and appreciated the administration of UoH for their support and commitment to boost quality in all sectors of academics.

Chairperson NAEAC, applauded the efforts of university management for quickly building new beautiful infrastructure at Haripur. Furthermore, he congratulated the respective HoD's for getting accreditation certificates and shared the expectation that other departments will progress and come to the level

where the highest rating will be achieved in the accreditation process. The Vice-Chancellor, Prof. Dr. Anwar-ul-Hassan Gilani, also appreciated the efforts of NAEAC to raise the agriculture education quality in the country.

16th Council Meeting of NAEAC

December 28, 2020

16th Council meeting of National Agriculture Education Accreditation Council (NAEAC) was held in Mural Hall, Higher Education Commission, Islamabad. After the Holy Quran's recitation, Prof. Dr. Ishtiaq A. Rajwana, Chairperson NAEAC, welcomed all honorable members, especially new ones and presented the council's achievements during the last financial year with a future vision to improve its working. He highlighted major challenges like financial sustainability of council, revision of evaluation tool kit, enhancement of evaluator pool and handholding of emerging HEIs to improve education standards. However, he raised his concern about the mushroom growth of agricultural DAIs in the country without formal approvals and infrastructure. Later Dr. Abdul Ghaffar, Council Secretary, presented the agenda items one by one. Council members unanimously approved the minutes of the 15th meeting, annual work plan, accreditation rating of various universities awarded in the last fiscal year and budget for the year 2020- 21.

Inauguration of Agriculture Personnel Registration System (APRS)

December 28, 2020

During the 16th Council meeting, Vice-Chancellors/representatives of all seven agricultural universities of Pakistan joined online to inaugurate Agriculture Personnel Registration System (APRS). Prof. Dr. Dost Mohammad Baloch, Vice-Chancellor, Lasbela University of Agriculture Water and Marine Sciences, expressed it a beginning of the new era in agriculture education. At the same time, Prof. Dr. Masroor Elahi Babar, Vice-Chancellor University of Agriculture, Dera Ismail Khan, appreciated NAEAC for such an initiative which will help create a database to help the policymakers to devise better policies for the agriculture graduates produced in various HEIs across Pakistan. All the online participants appreciated the initiative and assured their full cooperation to implement the system. Talking on the occasion, Dr. Nadia Tahir MD QAA appreciated the NAEAC staff for devising the APRS system and ensuring her support to fund the council for the development of the revised curriculum. In the concluding session, Chairperson NAEAC thanked all the honorable members for their participation and valuable suggestions for uplifting the quality of agriculture education across Pakistan and assured his full commitment to maintain the highest standards across the board.
