

Student/Parent ALERT

It has been noticed with concern that degree programme of some universities are being initiated/ continued without obtaining accreditation from the concerned Professional Councils. Non-recognition of such graduates by the Councils has a direct negative impact on the future of students.

In the larger public interest, it is important that commencement of new professional programmes by the universities be only undertaken after complete observance of all requirements prescribed by the Councils/ HEC (as applicable). Parents/ Students are advised to confirm whether the degree programme of their interest is accredited by the concerned Council and/ or recognised by HEC before taking admission in any programme.
